Medicaid to Private Plan Enrollment Program

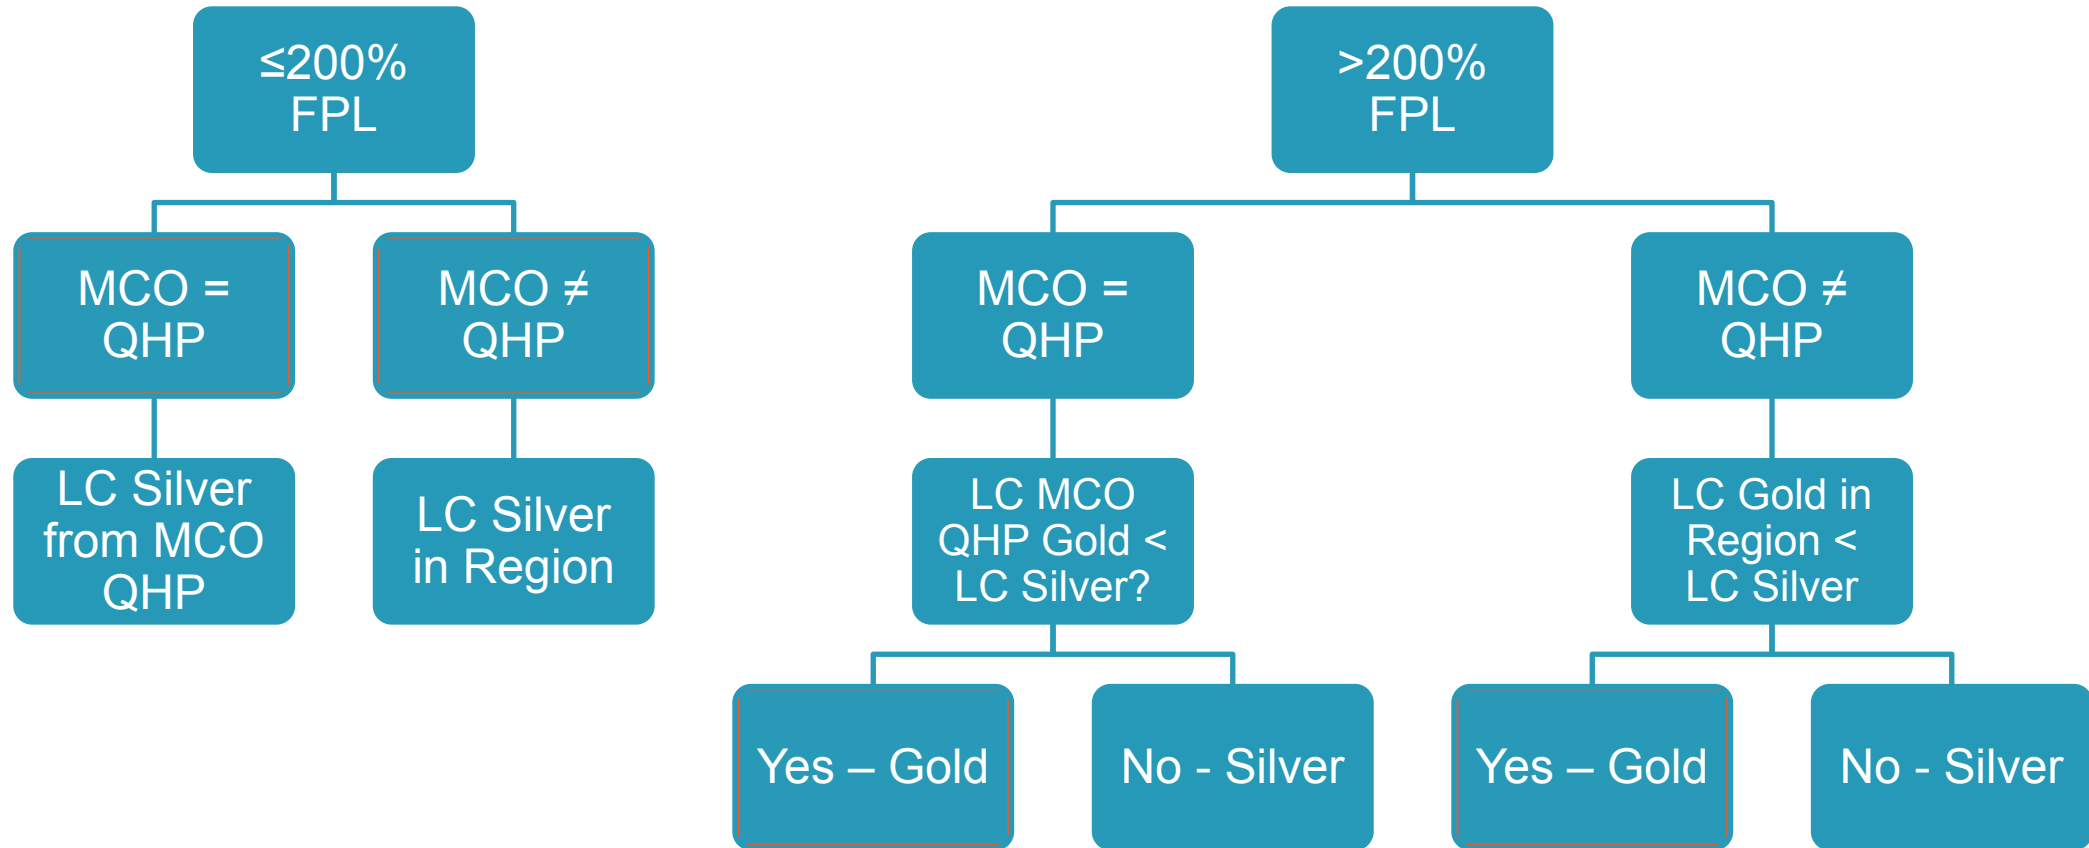

Background

- Medicaid terminations have been suspended during the Public Health Emergency. Terminations will resume this spring, with the first notices going out in April for coverage ending May 31.
- Program goals:
 - Simplify enrollment process/coverage transition for Medicaid enrollees becoming QHP eligible
 - Increase individuals who maintain coverage

Eligible Populations

1. Medicaid enrollees who are determined QHP eligible during a redetermination (once redeterminations resume), do not currently have any household members with active QHP coverage, and do not select a QHP within 7 days
2. Medicaid enrollees who:
 - do not currently have any household members with active QHP coverage,
 - reported income exceeding the Medicaid eligibility threshold during the public health emergency,
 - did not return to MHC to update their information during their redetermination, and
 - MHC verifies their most recent attested income using electronic data sources.

Overview of Medicaid Public Health Emergency (PHE) Unwinding

Maryland Department of Health

Medicaid Check-In 2023

Maryland Department of Health, Office of Health Care Financing

Overview

- The Families First Coronavirus Response Act (FFCRA) provided an enhanced Federal Medical Assistance Percentage (FMAP) of 6.2% to states that met Maintenance of Eligibility Requirements (MoE) during the PHE. FFCRA MoE provisions required states to extend continuous eligibility (CE) to all participants through the end of the PHE.
- **These requirements have now changed. The PHE and the CE requirement that was part of the MoE are no longer linked.**
- The [Consolidated Appropriations Act, 2023](#) became law on December 29, 2022. The legislation amended certain provisions of FFCRA and **decoupled** the CE requirement from the PHE.
- CE requirements that were part of the MoE sunset on **April 1, 2023**, at which time states could begin unwinding procedures.
 - Maryland continued standard redetermination mailings in April 2023, with the first disenrollments for participants who no longer qualify for coverage occurring at the end of May 2023.
- President Biden announced that the national PHE will end on May 11, 2023. Maryland's disaster SPAs, 1135 waivers, and Appendix K authorities remain tied to the PHE.

Unwinding Redeterminations Overview

- Maryland Medical Assistance enrollment grew substantially during the national public health emergency (PHE):
 - During the COVID-19 public health emergency, Marylanders who were enrolled in Medicaid continued to be covered, even if they were no longer eligible.
 - 1,415,631 participants in February 2020 up to 1,781,191 participants in as of April 3, 2023
 - Starting in April 2023, Maryland began making Medicaid eligibility reviews again. Not everyone will be up for renewal at the same time. These renewals will take place over 12 months.
- Medicaid Check-In Campaign: Statewide outreach and communication strategy, March 2023-April 2024
 - Key partners: MDH, Managed Care Organizations (MCOs), Maryland Health Benefit Exchange (MHBE), Maryland Department of Human Services (DHS), and Chesapeake Regional Information System for our Patients (CRISP), providers, grassroots organizations.

Zoomed In Timeline

Unwinding Timeline

Checking Redetermination Dates

- Eligibility Verification System ([EVS](#))
 - Redetermination dates are now included in the EVS system.
 - Information can either be access online (www.emdhealthchoice.org) or by phone (1-866-710-1447).
- MDH/CRISP partnership to provide redetermination information participating CRISP providers via a monthly managed file transfer (MFT) via CRISP. The file will include information for the current month + the next three cohorts at a given time. Tentative timelines:
 - Currently in a beta test phase with select FQHCs
 - End of May: expansion to all interested FQHCs
 - End of June: expansion to all interested CRISP participants
- Optum will begin including redetermination information in a new, weekly [Patient Eligibility Report](#).
- Additional information will be included on the MDH Medicaid Check-In [Provider Page](#) once available.

Post-Redetermination: *MCO Outreach and Reconsideration Period*

- An individual may be disenrolled from Medicaid coverage for failure to complete their redetermination.
 - MCOs will conduct targeted outreach to such individuals for 120 days following disenrollment.
 - If, during this time, an individual comes back into the system, and is found eligible for coverage, they will be re-enrolled automatically in the MCO plan they were last enrolled in. This coverage will begin 10 days from the date of the eligibility decision.
 - Any services rendered during the period after disenrollment and prior to re-enrollment in an MCO plan are eligible for fee-for-service reimbursement.
- Note: Maryland Health Connection (MHC) is implementing “easy enrollment” into qualified health plans (QHPs) for individuals who lose Medicaid coverage. Individuals will receive information on how to opt-in to QHP coverage.
- The 120 day reconsideration period is also available for non-MAGI participants.
